

LAURENT MORICEAU	
REGANOSA	
PROJECT MANAGER	
<p>French Industrial engineer, first refining engineer for Shell and Petroplus, I joined Reganosa in 2010 as Operation Manager. Successively in charge of Technical Control and European Regulation, I'm now Project Manager at Reganosa</p>	
<p>LNG AS A MARINE FUEL A TODAY REALITY</p>	
<p>After a brief presentation of Reganosa, I plan to present running initiatives for LNG as fuel around Europe including Core Hive projects but also supply vessels recently commissioned in Belgium and Netherlands explaining in which extend the North West of the Peninsula required the same infrastructure answer to attend the coming LNG demand.</p>
