GERENCIA ENERGÉTICA S.L.	
ENERGY MARKET SPECIALIST	
<p>Rafael Cobo is an up and coming energy market specialist with over 3 years working in the field at age 26. He has an industrial engineer degree from Universidad de León.</p>	
<p>A DIFFERENT WAY TO BUY ENERGY</p>	
<p>Energy is an essential commodity for every company. The alarming incline in energetic costs throughout Spain urges to implement systems in order to enable companies in obtaining higher exploitation margins and achieving a smarter energy usage.</p> <p>Gerencia Energética® is a national pioneering company in energy management and acquisition, through innovative technology to optimize energy usage. Throughout all, we enable our clients to be their own electrical energy trading company, gaining all the advantages that brings.</p>
