

TYPES OF COLLABORATION

SPONSOR

Sponsors are private companies and / or entities which are willing to cooperate and contribute to the financing of the budget of the Conference.

Sponsors will appear as such in all the promotion and support of the Conference, in the dissemination and publications, while their promotional material is included with the material to be distributed to conference attendees. They appear in press releases and on the website of the event.

For sponsors will be allocated an exclusive area to hold meetings and have access to all the event information. They may put a stand to present their products. They will also have access to a person, both maritime visit as institutional dinner.

The amount fixed for this consideration is 2,500 euros, to be transferred to the bank account of Green Energy Ports Conference.

In addition, sponsors may choose to promote the activities of the conference, such as maritime visit, dinner, lunch, coffee break, ect, to appear your name for such activities and with reference of it on publicity and agenda.
